* Resigned on 21st August 2019

The nomination and remuneration has conducted two (2) Meetings during the year under review, 1st April, 2019, 20th August, 2019.

Functions of Committee

- ❖ The Committee has defined the policy on Director's appointment and payment of remuneration including criteria for determining qualifications, positive attributes and independence of a Director;
- ❖ Oversee familiarisation program for directors;
- ❖ Carry out evaluation of every director's performance and support the Board and Independent Directors in evaluation of the performance of the Board, its committees and individual directors;
- ❖ Recommend to the Board the Remuneration Policy for directors, executive team or Key Managerial Personnel as well as the rest of employees;
- ❖ Identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down and recommend to the Board their appointment and removal.

The Committee is constituted to formulate and recommend to the Board from time to time, a compensation structure for members of the Board and Key managerial Personnel.

Remuneration Policy

Remuneration policy in the Company is designed to create a high-performance culture. Focus on productivity and pay for performance has been the cornerstones of the Company's reward philosophy. The Company regularly benchmarks the compensation levels and employee benefits in the market and makes necessary changes to remain at par with the market. It enables the Company to attract, retain and motivate employees to achieve results. The remuneration policy supports such mobility through pay models that are compliant to local regulations.

Retention and motivation of top performing talent is enabled through differentiation in salary increments. Fairness, transparency and internal along with external parity continues to remain vital to the reward system at FAZE THREE Autofab Limited.

The Nomination and Remuneration Committee recommends to Board for approval of the compensation package for the Executive Directors & Key Managerial Personnel. The compensation structure may include basic salary, perquisites, commission, etc. The compensation packages are in accordance with applicable law & in line with the Company's objectives, shareholders' interests and as per the industry standards.

The Company pays remuneration by way of salary, benefits, perquisites and allowances to its Managing Director. Annual increments are decided by the Nomination and Remuneration Committee within the salary scale approved by the members & as per limits prescribed under the Companies Act, 2013 and are effective

April 1, each year.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**ECONOMIC AND BUSINESS OVERVIEW**

Global headwinds and challenges in the domestic financial sector moderated the growth of Indian economy in 2019-20. In the last quarter of financial year 2019-20, we have seen an unprecedented global breakout of the COVID-19 pandemic leading to a humanitarian crisis, lockdown across many countries and a significant economic fallout. Around the world, growth has decelerated markedly. In India, the economic impact of COVID-19 is trickling in on the backdrop of an already challenging macro-economic environment. Global trade dynamics, volatile commodity cycles and climate concerns continue to increase the uncertainty further. Conditions like these create challenges for companies and categories across the spectrum.

There are various estimates for India's GDP growth from 1.9% in F.Y. 21 to recover to 7.4% path in F.Y. 2021-22 as per International Monetary Fund. The Country will still be the fastest growing large economy this financial year. Moody's slashed India's GDP growth rate at Zero for the current fiscal 2020-21. However, on a positive note, it has forecast India's GDP growth rate to bounce back to 6.6 per cent in F.Y. 2021-22. The World Bank expects India's economy to contract 3.2% in the current fiscal year, a sharp downgrade from its April projection of 1.5% - 2.8% growth, citing stringent lockdown and spill overs from weaker global growth. A number of firms including Goldman Sachs and Nomura have projected a contraction of as much as 5% for India in F.Y. 21. However, the projection is not low comparatively, given the fact that the global economy is projected to contract 3 per cent against a growth of 3.3 per cent expected earlier.

India moving up by 14 positions to 63rd rank in 2019 World Bank's Ease of Doing Business 2020 Report, has among others, contributed to the increase in global confidence in Indian economy. India has emerged as an important player in the world on the back of announcement/implementation of critical measures in the current year and last few years. The measures announced/implemented in 2019-20 include- hike in minimum support price of agricultural crops for 2019-20; reduction in corporate tax rate; policy initiatives for development of textiles & handicrafts and electric vehicles; outreach programme for growth, expansion and facilitation of micro, small and medium enterprises; incentives for start-ups in India.

Government has initiated various measures to boost the economy including direct benefit transfer, increased allocations to key sectors like infrastructure, agriculture, MSMEs etc. Reserve Bank of India has cut repo rate by 185 bps on a cumulative basis this year to support the aggregate demand and private investment as well as ease liquidity given the COVID-19 situation. The reduction in corporate tax rate is a big boost to the industry; it makes India much more competitive globally and should accelerate investments in the economy. The slew of policy measures and announcements are welcome and signal the Government's strong commitment to arrest and reverse the slowdown.

TECHNICAL TEXTILES / AUTOMOTIVE FABRICS

India has the advantage of having a strong raw material (fiber) base - of cotton, manmade fiber, silk, wool and jute. Moreover, India possesses excellence in the entire value chain extending from fiber to fabric to garments. Despite achieving a high growth rate, the per capita consumption of technical textiles in India is 1.7 per kg vis-a-vis 10-12 kg in developed countries. Globally, the technical textiles sector accounts for approximately 27% of the aggregate textile industry, and in some of the advanced nations, the contribution is as high as 50% of the aggregate; however, the share of technical textiles in the aggregate textiles market is low in India (13%). Currently, technical textiles contribute approximately 0.7% to the country's GDP and constitutes nearly 13% of the aggregate textile market in the country.

Technical textiles as a segment is directly proportional to the stage of industrialization and economic growth of any country. Developing countries undergoing large scale industrialization fuel the demand for technical textile products. The usage may range from infrastructure, agriculture, health, defense, automobiles, aerospace, sports, protective clothing, packaging, etc., With transformation of the Indian economy post liberalization in the early 1990s, the demand and consumption of technical textiles products in India has been consistently increasing. The growth of technical textiles has also helped growth and innovation of conventional textile products, owing to significant value addition across the textile value chain. All major players in India have started developing technical textiles products as they provide better margins in comparison to conventional textiles.

The global technical textile market size was estimated at USD 176.6 billion in 2019, growing at a compound annual growth rate (CAGR) of 4.5% from 2020 to 2027. Rising awareness regarding the benefits of technical textile is projected to propel its demand across various end-use industries including agriculture, construction, aerospace, medical, and packaging.

The Indian technical textiles sector, which was touted as the next sunrise sector, is finally getting its due, thanks to the rising awareness for medical textiles and other nonwoven products like masks, gloves, etc. due to Covid-19. The emergence of Covid-19 has brought the world to a standstill. While companies across industries felt the impact of Covid 19, the technical textiles sector, as an exception, rose to the occasion and delivered millions of personal protective equipment (PPE) suits and masks to fight Covid-19 pandemic.

The global demand for technical textiles has also expanded. It is an emerging field of advanced technology that is steadily gaining ground in India. Furthermore, investments in industry sectors such as automotive, infrastructure, among others drove the consumption as well. So today, the growing sectors within the technical textile industry are mainly the medical, protective, agricultural textiles as well as geotextiles due to a rising demand.

COMPANY OVERVIEW AND OUTLOOK

The Company is engaged in designing, development and manufacturing automotive textiles (specialized in car seat cover fabric). It is also engaged in manufacturing fabrics used in auditoriums and railway coaches (with minimal contribution to revenue). The Company caters to Original Equipment Manufacturers (OEMs) and are largely concentrated in the domestic market. The Company derives more than 90% of its revenue from the domestic market. The Company currently has a market share of over 45% in the automotive fabrics business in India and (*as per company estimates*) aims to increase its market share with existing OEMs. The Company has grown its Export business during last few years and actively looking to grow it further.

The Company's Revenue has grown to ~Rs 165 Crs in FY 20 from Rs ~125 Crs in FY 18. The growth in volume of fabrics supplied was due to gain in market share and being part of most of the new car launches during the year adding to volumes. Company has an in-house research and development department to develop new designs as per the market trends. Further, Company works closely with its existing customers for development of latest designs and regular upgradation of technologies and know-how of its product enable it to continuously evolve technologically and remain competitive. The Long term presence in the industry and consistent performance in terms of reliable & innovation helps the Company in getting regular orders as a preferred supplier. The Company believes that it will continue to benefit from its long presence in the automotive fabric industry and established relations with OEMs over the medium term.

The Company has continuously evolved in development planning and execution strategy to align with specific product needs and standardization of processes. There is constant interaction taking place with OEMs to showcase innovative capabilities which are in sync with the themes / vision of the OEM's for the future launches. The other set of factors that drive all new developments towards the Company is QDS (Quality, Delivery & Service). Quality levels were drastically improved and 100% compliance to delivery schedules followed with all OEMs. Since all OEMs are Just in Time customers, the inventory flow management is key to gain QDS points.

OPPORTUNITIES AND CHALLENGES

In the Indian market, the life of customers revolves around pure economics. Basically the money spent to seal the transaction and sweet deals. So in the times of the coronavirus pandemic, the purchase done by potential customers would surely be downsized. So a larger number of customers would be looking at smaller cars with lower price points. Indian customers would be looking at affordable mobility with safer means to travel. The impact of coronavirus on car market will enhance demand for good hatchbacks while quality compacts would make a killing. On a larger scale, it could lead to the return of the 'entry-level cars' like Alto, Kwid, Celerio, Santro, WagonR, Tiago and few other badges.

Personal mobility modes will make a strong comeback. The demand for micro-mobility solutions, in particular, will surge. Micro-mobility solutions are easy-to-use and ideal in congested city environments. As customer preferences might go for a toss with regard to prices and transaction cost, there is a high probability that big SUV & MPV might lose lustre and face a big challenge on consumer's future choices. Indian customers would be looking at affordable mobility with safer means to travel. The cost would supersede brands and categories across the market.

The coronavirus outbreak has heavily impacted the manufacturing industry. OEMs and parts suppliers have yet to return to full production capacity. Consequent delays in delivery might impact the market at multiple levels from postponed new car model launches, shattered supply chains, financially drained SMEs, and dampened vehicle sales in Q1, of the F.Y. 2020. The effects will spill over into Q2 as well, with unfulfilled order deliveries due to ongoing production slowdowns. This situation is set to exacerbate the numerous challenges already facing the auto industry, including tougher CO² emissions standards and higher investments in new technologies.

During last 3-4 years your Company has continued to invest in enhancing our capabilities and offerings that enable our clients to embrace new offering for their business. For fiscal 2021, we will continue to execute our strategy along the same dimensions. The client market segments we serve are faced with challenges and opportunities arising from the COVID-19 pandemic and its resulting impact on the economy. We believe in the investments we have made, and continue to make, in our strategy will enable us to advise and help our clients as they tackle these market conditions.

For F.Y. 2021, we expect volumes to be relatively lower compare to F.Y. 2020 due loss of demand in first 3-4 months of the fiscal due to COVID 19, lockdowns etc. We can expect for demand revival by Jan 2021.

HUMAN RESOURCES/ INDUSTRIAL RELATIONS

The human impact of this crisis takes precedence for us. In keeping with our employee-first approach, we quickly instituted measures to trace all employees of the Company and to assure ourselves of their well-being. Our utmost priority has been health, safety and well-being of the people. We have been proactive and swift in ensuring safe working conditions, strict standards of social distancing, necessary infrastructure and equipment across all our operations.

Independent Auditor's Report

To the Members of
FAZE THREE AUTOFAB LIMITED
 (Formerly - AUNDE FAZE THREE AUTOFAB LIMITED AND AUNDE INDIA LIMITED)

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **FAZE THREE AUTOFAB LIMITED (Formerly - AUNDE FAZE THREE AUTOFAB LIMITED AND AUNDE INDIA LIMITED)** ('the Company'), which comprise the balance sheet as at 31st March 2020, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the cash flow statement for the year then ended, and notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as 'Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, its Profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 40 of the Ind AS Financial Statements, which states the impact of Coronavirus (COVID-19) on the operations of the Company.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters:

Sr.No.	Key Audit Matters	Auditors Response
1	The Company has unutilized Minimum Alternate Tax (MAT) credit of Rs. 3.85 Crores as on 31 st March, 2020. Minimum Alternate Tax (MAT) credit is recognized only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.	Our procedures included: Evaluated whether the controls over management assumptions and key estimates for utilization of MAT credit in the future years are appropriately designed, implemented and operating effectively by performing combination of procedures

	There is inherent uncertainty and management estimation involved in forecasting future taxable profits, which determines the extent to which MAT credit asset is recognized and carried forward.	involving enquiry, re performance and verification of evidences. Evaluated management's assumptions and key estimates with respect to the projections supporting sufficient future taxable profit in order to support the carry forward of MAT credit asset.
2	During the period ended 31 st March, 2020 there was inter-se shares transfer between the promoters of the company. We draw your kind attention to public announcement on BSE dated 9 th September, 2019 appearing on 12 th September, 2019 made by company in the said matter.	Reviewed Agreements and Compliance related to various SEBI regulations to verify compliance related to transaction.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is no material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Ind AS Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditors' Report) Order, 2016 ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- A) As required by Section 143(3) of the Act we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the cash flow statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act;
 - e) On the basis of the written representations received from the directors as on 31st March 2020 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2020 from being appointed as a director in terms of Section 164(2) of the Act; and
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
- B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i). As informed to us, the Company does not have any pending litigation which would impact its financial position, as on 31st March, 2020.
 - ii). The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii). There were no amounts that were required to be transferred, to the Investor Education and Protection Fund by the Company; and
- C) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act, in our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of **FAZE THREE AUTOFAB LIMITED (Formerly - AUNDE FAZE THREE AUTOFAB LIMITED AND AUNDE INDIA LIMITED)** on the Ind AS financial statements for the year ended 31st March 2020.

- 1) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) There is a phased programme for verification of fixed assets, over a period of three years, which in our opinion is reasonable having regard to the size of the company and the nature of its assets. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) As per the information and explanations provided to us, title deeds of immovable properties are in the name of the Company.
- 2) The inventory (excluding stock with Third parties) has been physically verified by the management during the year. In respect of inventory lying with third parties these have been confirmed by them. In our opinion the frequency of verification is reasonable. The discrepancies noticed on physical verification of inventory as compared to book records were not material. Further, our attendance at the physical inventory verification done by the management was impracticable under the current restrictions imposed by the Government and we have relied on the related alternate audit procedures.
- 3) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, paragraph 3 (iii) of the Order is not applicable to the Company.
- 4) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of Loans, investments, guarantees, and security.
- 5) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- 6) As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub Section (1) of section 148 of the Act, in respect of the activities carried on by the Company.
- 7) (a) According to the information and explanations given to us and on the basis of our examination of the books of account, and records, the Company has been generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income-Tax, Sales tax, Service Tax, Goods and Service Tax (GST), Duty of Customs, Duty of Excise, Value added Tax, Cess and any other statutory dues with the appropriate authorities.

According to the information and explanations given to us, no undisputed amount payable in respect of the above were in arrears as at March 31, 2020 for a period of more than six months from the date on which they became payable.

- (b) According to the information and explanations given to us, there are no dues of Income-Tax, Sales tax, Service Tax, Goods and Service Tax (GST), Duty of Customs, Duty of Excise, Value added Tax outstanding on account of any dispute.
- 8) According to the records of the company examined by us and the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to any financial institution or bank or government or dues to debenture holders.
- 9) According to the information and explanation given to us, the terms loans have been applied by the company during the year for the purpose for which they were obtained. The company did not raise

money by way of initial public offer or further public offer (including debts instruments) during the year.

- 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the company or on the company by its officers or employees has been noticed or reported during the year.
- 11) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V of the Companies Act, 2013.
- 12) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 4 (xii) of the Order are not applicable to the Company.
- 13) In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Ind AS Financial Statements as required by the applicable accounting standards.
- 14) Based upon the audit procedures performed and the information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company.
- 15) Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company.
- 16) In our opinion, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company.

Annexure B to the Independent Auditor's Report of even date on the Ind AS Financial Statements FAZE THREE AUTOFAB LIMITED (Formerly - AUNDE FAZE THREE AUTOFAB LIMITED AND AUNDE INDIA LIMITED) for the year ended 31st March 2020

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of **FAZE THREE AUTOFAB LIMITED (Formerly - AUNDE FAZE THREE AUTOFAB LIMITED AND AUNDE INDIA LIMITED)** ("the Company") as of 31st March, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. General Information

Faze Three Autofab Limited (Formerly known as Aunde Faze Three Autofab Limited & AUNDE India Limited) (the "Company") is a public company domiciled in India and was incorporated on 3 October 1997 under the provisions of the Companies Act, 1956 applicable in India. The Company's equity shares are listed on the Bombay Stock Exchange. Its registered and principal office of business is located at Dadra & Nagar Haveli. The Company is primarily engaged in the manufacturing of Automotive fabrics and is nominated supplier to all the major O.E.M.'s in India viz. Hyundai, Ford, Maruti Suzuki, Honda, Mahindra, Toyota, Renault, Tata, Nissan, Skoda etc.

2. Significant accounting policies

Significant accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements

a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standard as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

The financial statements are approved by the Company's Board of Directors and authorised for issue on 1st June, 2020.

These financial statements are presented in Indian National Rupee ('INR') and all values rounded to the nearest crores, except otherwise indicated.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use

b) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

2.2 Property, plant and equipment

Property, plant and equipment are stated at original cost inclusive of incidental expenses related to acquisition net of tax / duty credit availed, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes cost of replacing part of plant and equipment and borrowing cost for long term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at balance sheet date.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment over their estimated useful lives using the straight line method. The estimated useful lives of assets are as follows:

<u>Property, plant and equipment</u>	<u>Useful life in years</u>
Factory Building	30 years
Plant & Machinery	15 years
Laboratory Equipments	10 years
Furniture and Fixtures	10 years
Office Equipment	10 years
Electrical Installations	10 years
Fire Hydrant Systems	15 years
Vehicles	8 years
Computers:	
-Servers	5 years
-End user devices such as, desktops, laptops etc.	3 years

The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property, plant and equipment is provided up to the date of processing of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under "Other Income".

2.3 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

2.4 Foreign Currency Transactions**Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is the Company's functional and presentation currency.

Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised as income or expense in the period in which they arise in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or losses arising of transaction of non-monetary items is recognised in line with the gains or losses of the item that gave rise to the translation difference.

2.5 Revenue Recognition

With effect from 1st April 2018 on adoption of Ind-AS 115:

Revenue from sales of goods is measured based on the consideration received or receivable from the customer. The Company recognizes revenue when it transfers control of goods to the customer. Control is passed on to the customer when goods are dispatched from Company's premises. Revenue is reported net of taxes and duties as applicable.

Receivable is recognized when the goods are dispatched from Company's premises as this is the point in time that the consideration is unconditional because only passage of time is required before the payment is due.

Royalty arrangements that are based on production, sales and other measures are recognised by reference to the underlying arrangement.

Revenue in respect of interest income is recognised on a basis of effective interest method as set out in Ind AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability exists.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods:

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer on delivery of goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Rendering of Services:

Revenue from sale of services is recognised as per terms of the contract with customers when the outcome of the transactions involving rendering of services can be estimated reliably.

Interest Income:

Interest income is recognized on a time proportion basis taking into account outstanding and the applicable interest rate. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Rental Income

Lease agreements where the risks and rewards incident to the ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals are recognised on straight line basis as per the terms of the agreements in the Statement of Profit and Loss.

Export Incentives

Export Incentive from the government is recognised when there is a reasonable assurance that (i) the company will comply with the conditions attached to them and (ii) the incentive will be received.

When the incentive relates to revenue, it is recognised as income on a systematic basis in the statement of profit or loss over the periods necessary to match them with the related income, which they relate to.

2.6 Taxes

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.

(A) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year-end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(B) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.7 Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realisable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Work in progress, manufactured finished goods and traded goods are valued at the lower of cost and net realisable value. Cost of work in progress and manufactured finished goods is determined on the weighted average basis and comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Cost of traded goods is determined on a weighted average basis.

Slow and non-moving material, obsolete, defective inventories are duly provided for and valued at actual cost incurred up to the date of balance sheet. Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and the estimated costs necessary to make the sale.

2.8 Trade Receivables

Trade Receivables are amounts due from customers for sale of goods or services performed in the ordinary course of business. Trade Receivables are recognised initially at fair value. They are subsequently measured at amortised cost using the effective interest method, net of provision for impairment. The carrying value less impairment provision of trade receivables, are assumed to be approximate to their fair values.

2.9 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.10 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The Company records a provision for decommissioning costs. Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognized in the Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.11 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and demand deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and demand deposits.

2.12 Employee Benefits

(A) Short-term employee benefits

All employee benefits payable only within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, etc. and the expected cost of bonus, ex-gratia, and incentives are recognised in the period during which the employee renders the related service.

(B) Post-employment benefits

(i) Defined contribution plan

Government Provident Scheme is a defined contributed plan. The contribution paid/payable under the scheme is recognised in the Statement of Profit and Loss during the period in which the employee renders the related services.

(ii) Defined benefit plans

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

2.13 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year. The number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.14 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest crores as per requirement of Schedule III of the Act, unless otherwise stated.

There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2020, the Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

34 Segment reporting

The Company has only one segment of activity namely "Automotive Fabrics" and as such there is no separate reportable segment as per Ind AS 108 Operating Segments.

35 Fair values measurement

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

No financial assets/liabilities have been valued using level 1 fair value measurements.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Notes forming part of the Standalone Financial Statements for the year ended 31 March 2020

(Amount in crores, unless otherwise stated)

Fair value measurement hierarchy of assets

	31 March 2020	31 March 2019
Level 3:		
Financial assets measured at amortized cost		
Trade receivables	40.48	35.19
Security deposits	0.20	0.20
Cash and cash equivalents	0.32	0.13
Bank balances other than cash and cash equivalent	0.06	0.38
Interest accrued on fixed deposits	0.00	0.00
Other current assets	2.13	2.03
The carrying amount of assets measured at amortised rate mentioned above is considered to approximate their fair values. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.		
Financial liability measured at amortized cost		
Borrowings	56.88	72.22
Trade payables	16.94	14.34
Interest accrued but not due on loan	0.18	0.17
Other current liabilities	4.51	2.42

The carrying amount of liabilities measured at amortised rate mentioned above is considered to approximate their fair values. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs.

36 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

(i) Interest rate risk

"Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings."

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/ decrease in basis points	Effect on profit before tax (₹ in Crs)
FY 2019-20	25 bps	0.11
FY 2018-19	25 bps	0.11

Notes forming part of the Standalone Financial Statements for the year ended 31 March 2020

(Amount in crores, unless otherwise stated)

(ii) Foreign currency risk

The Company is exposed to foreign currency risk arising mainly on export of finished goods and import of raw material.

The carrying amounts of Company's foreign currency denominated financial assets and financial liabilities at the end of the reporting period are as follows:

	31 March 2020	31 March 2019
Trade receivables (unhedged) (INR)	6.17	3.63
Trade receivables (unhedged) (USD)	0.08	0.05
Trade receivables (unhedged) (EURO)	-	0.00

The following significant rate have been applied during the year	Year End Spot Rate	
	31 March 2020	31 March 2019
USD 1	75.39	69.17
EURO 1	83.05	77.70

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities). The Company's exposure to foreign currency changes for all other currencies is not material.

	Change in USD \$ rate	Effect on profit before tax
2019 (USD/INR)	1.00%	0.06
2018 (USD/INR)	1.00%	0.04

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does not foresee any credit risks on deposits with regulatory authorities.

(C) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.
